

CFO for international provider of hedging solutions

Global Risk Management is searching for a CFO to head our Back and Middle Office in Middelfart. We work in an international environment with clients and colleagues around the world. The candidate we are looking for must lead, optimise and develop the department as the company is expanding at a fast pace.

Responsibilities

You will be overall responsible for our Back Office and Middle Office, overseeing our financial activities and operations (controlling), including addressing risks and opportunities. The position also covers management of Processes and IT. You will report directly to the Managing Director and be part of the Management Team.

Main tasks

Main tasks are the overall management of accounting, budgeting, forecasting and reporting to the Managing Director as well as corporate finance in our parent company. You will focus primarily on controlling, contributing to financial projects and increase profitability. Supporting short and long term strategic planning comes with the position as well. In your daily work you must identify potential issues and make sure that risk policies, trading limits and procedures are followed.

About you

It is important that you have a pro-active approach to communicating with Sales and Trading Desk in the company as well as exercising prudent judgement in creating and calibrating appropriate risk measures. English is our group language so speaking/writing English must be among your competences.

We expect that you have a solid financial education and experience from a similar position in an international company.

Salary

Global Risk Management offers a salary package emphasising your commitment to grow both professionally and personally.

How to apply

Send us your current CV and a one-page cover letter by e-mail to hr@global-riskmanagement.com. All applications will be reviewed by an external recruitment agency.

About Global Risk Management:

We are part of United Shipping & Trading Company Company (USTC) and founded in 2004. The company has offices in Middelfart, Denmark, and in Singapore.

Global Risk Management is a leading provider of customised hedging solutions for the management of price risk on fuel expenses. Combining in-depth knowledge of the oil market, finance and transport, we help clients protect their margins from the risk posed by notoriously volatile fuel prices.

A large part of our clients operates within the shipping industry, but also airline companies, oil suppliers and industry make extensive use of Global Risk Management's expertise.
